ABOUT / PROFESSIONAL SUMMARY

Passionate Full Stack Developer with expertise in building modern web applications using cutting-edge technologies including Next.js, Node.js, and Prisma ORM. Proven problem-solving capabilities demonstrated by successfully completing over 20 LeetCode challenges. Dedicated to continuously sharpening technical skills and delivering intuitive, user-centric software solutions.

TECHNICAL SKILLS

Frontend Technologies: React.js, Next.js, Redux.js, HTML, CSS, JavaScript, TypeScript, TailwindCSS, Bootstrap.

Backend Technologies: Node.js, Prisma ORM, PostgreSQL.

Databases: SQL, MySQL, MongoDB.

DevOps & Tools: Git, GitHub, Linux.

Programming Languages: JavaScript, TypeScript.

KEY PROJECTS

Responsive Delivery Website

HTML, CSS, JavaScript

- Designed according to the best user experience standards, utilizing modern web development technologies and tools.
- Engineered smooth user flows and responsive layouts using HTML, CSS, and JavaScript to ensure seamless performance across mobile and desktop devices.
- Live Demo: https://e-commerce-app-91bb.vercel.app | GitHub: github.com/HussamRa/Responsive-Delivery-Website

Bank Modern App

React.js, JavaScript, TailwindCSS

- Built using the latest versions of ReactJS, featuring several distinct, highly responsive, and modern user-interface sections.
- Integrated intuitive design patterns to optimize cross-device user navigation and performance.
- Live Demo: https://bank-app-hussam17.vercel.app | GitHub: github.com/HussamRa/bank-app

Travel App

React.js, Next.js 13, Tailwind CSS

- Developed a fully responsive modern UI/UX website showcasing seamless mobile-first layouts and optimized rendering.
- Leveraged Next.js 13 features alongside Tailwind CSS to ensure clean component architecture and fast load times.
- Live Demo: https://travel-app-ten-ochre.vercel.app | GitHub: github.com/HussamRa/travel-app

ADDITIONAL INFORMATION

Languages: Arabic (Native/Bilingual), English (Fluent).

Problem Solving: Active solver on LeetCode with focus on core data structures and algorithms.
